- in case of failure to comply with this requirement, the insurance company has the right to refuse reimbursement;
- To obtain compensation for insurance accident You have to contact the insurance company after receiving all required documents confirming the occurrence of the insured event, but not later than the date of your crossing the Ukraine state border.

TO THE DOCTOR'S ATTENTION

In a case of illness of the Insured or an accident occurrence please get in touch with the nearest Assisting company, telephone number and address of which are given in the list attached to the policy.

We kindly ask you to provide to the representative of the Assisting company with the personal information about the Insured stated in the insurance policy.

Thank you for taking care of the owner of the policy.

We ask you not to require cash calculation for rendering assistance to our clients.

The Insurer indemnifies the expenses for medical treatment (only urgent medical assistance) and other services covered by the Insurance Program. Please arrange the following documents for reimbursement: originals of medical documents (certificates, medical reports, discharge summaries, etc) with indication of patient's (Insured's) name, policy number, diagnosis, date of admission, duration and details of treatment; list and prices of services and procedures performed; prescriptions; signed and sealed receipt or any other payment confirmation.
